

Conflict Minerals Statement

Projections Unlimited, Inc. acknowledges the 2010 Dodd-Frank Act and the related U.S. Securities and Exchange Commission rule that promotes transparency and consumer awareness regarding the use of “Conflict Minerals” and that seeks to cut direct and indirect funding of armed groups engaged in conflict and human rights abuses in the declared Conflict Region.

In the U.S., Section 1502 of the 2010 Dodd-Frank Act requires companies to file an annual special disclosure with the U.S. Securities and Exchange Commission beginning in 2014 indicating if their products include metals sourced from the Conflict Region¹.

Projections Unlimited, Inc. does not directly purchase any Conflict Minerals from any source and does not knowingly procure any product containing Conflict Minerals from the Conflict Region. To the extent that any products offered for sale by Projections Unlimited, Inc. may include the presence of various products that contain “Conflict Minerals”² that are necessary to the functionality or production of the product, Projections Unlimited, Inc. is committed to working with our supply chain to increase transparency regarding the origin and traceability of minerals contained in products.

Projections Unlimited, Inc.’s due diligence is based on those described in the Organization for Economic Cooperation and Development Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.

We encourage our suppliers to adopt similar policies and management systems with respect to Conflict Minerals and to drive those efforts throughout their supply chain to ensure that the specified metals are being sourced only from (1) mines and smelters outside the “Conflict Region” or (2) mines and smelters within the Conflict Region which have been certified by an independent third party as “conflict free.”

Signed,

A handwritten signature in black ink, appearing to read 'Kurt Oliver', is written over a light blue horizontal line.
